

BIBLE STORIES FOR TODDLERS

We suggest taking two stories each month. This will give you plenty of extra time for Catch-Up and Repetition. When you come to a Holiday, stop and celebrate. Then continue with the stories where you left off. Most toddlers will come into the class when they turn one year old and leave at their second birthday. After you have finished teaching this one year, start all over at the beginning.

- | | |
|--------------------------------------|------------------------------|
| 1. When God Made The Animals | 13. Food For Elijah |
